Course Registrations for the Winter Semester of the Academic Year 2024-2025

We inform the students of the Department about the start of online course registrations for the winter semester of the academic year 2024-2025.

Course registrations are submitted online through the Electronic Secretariat application, using the personal login credentials (username - password) of the Institutional Account, **from Monday, 07-10-2024 to Sunday, 20-10-2024**, at the following link:

<https://sis-web.uth.gr>

To access the Electronic Secretariat application from outside the University of Thessaly network, it is necessary to use the Virtual Private Network (VPN). Instructions for installing and configuring the VPN on a computer or other device can be found at the following link:

<https://www.it.uth.gr/services/eikoniko-idiotiko-diktyo-vpn>

First-year students must register for all the courses of the 1st semester (30 ECTS).

Students in semesters 3rd to 9th can register for the courses of their current semester (30 ECTS), as well as courses from previous winter semesters that they may owe (up to 12 ECTS), with a total maximum of 42 ECTS in aggregate. Owed courses must be registered for in every semester (winter - spring).

Students in the 7th semester must first choose their specialization, then register for the four (4) mandatory courses of the specialization and one (1) elective course from the offered elective courses of their chosen specialization or from the other specialization.

Students in the 9th semester must register for the four (4) mandatory courses of their chosen specialization, including the thesis, and two (2) elective courses from the offered elective courses of their specialization or from the other specialization. Students in the degree completion phase (11th semester).

Students in the degree completion phase (11th semester) must submit two course declarations: one declaration (2024-2025 WIN) for the Winter Semester courses and one supplementary declaration (2024-2025 WIN SUPPLEMENTARY) only if they owe and wish to be examined in Spring Semester courses.

A prerequisite for declaring a course in the supplementary period is that it has been declared at any time in the past.

ATTENTION: Submitting a course declaration through the Electronic Secretariat is mandatory and a necessary condition for participation in exams, for grading, and for declaring and receiving textbooks. After completing the declaration, you must click "submit" and "finalize." You should confirm through the Electronic Secretariat that the declaration has been successfully submitted to the system.
